

# HSBC Guaranteed Fund

Monthly report 31 May 2025 | Share class Normal (Currently Closed to Subscriptions for All Investors)

## Risk Disclosure

- The Fund invests mainly in equity and fixed income securities.
- The Fund is subject to the risk of investing in emerging markets.
- The guarantee only applies when units are redeemed to pay the vested benefits of the underlying members of the unit holders in accordance with the terms and conditions of the guarantee.
- When the guarantee does not apply, the redemption proceeds reflect the unit price at the date of redemption. The value of units may fall as well as rise.
- Fund may have asset allocation strategy risk. The investments of the Fund may be periodically rebalanced and therefore the Fund may incur greater transaction costs.
- The Fund may invest in financial derivative instruments for investment purpose which may lead to higher volatility to its net asset value.
- The Fund's investments may involve substantial credit, currency, volatility, liquidity, interest rate, early termination, tax and political risks and risks related to general equity market, general debt securities, sovereign debt small/mid-cap companies and investment in other collective investment schemes. Investors may suffer substantial loss of their investments in the Fund.
- Investors should not invest solely based on factsheet and should read the offering documents for details.

## Investment objective

The Fund aims to provide long-term total return by investing in a diversified portfolio of equity and fixed income securities.
