Fund center

## Risk Disclosure

- The Fund invests mainly in onshore and offshore Chinese bonds.
- The Fund may invest in onshore Chinese securities through various market access schemes. Such investments involve additional risks, including the risks associated with China's tax rules and practices.
- Urban investment bonds issued by PRC local government financing vehicles (LGFVs), non-investment grade bonds and unrated bonds are subject to additional risks and volatility.
- The Fund may invest in financial derivative instruments for investment purpose which may lead to higher volatility to its net asset value.
- The Fund may pay dividends out of capital or gross of expenses. Dividend is not guaranteed and may result in capital erosion and reduction in net asset value.
- The Fund's investments may involve substantial credit, currency, volatility, liquidity, interest rate, valuation, geographical concentration, emerging market, political risks and risks related to debt securities, sovereign debt, mainland China market, mainland Chinese debt, CIBM and Bond Connect, "Dim Sum" bond, Qualified Foreign Investors regime, and RMB denominated class. Investors may suffer substantial loss of their investments in the Fund.
- Investors should not invest solely based on factsheet and should read the offering documents for details.

## Investment objective

The Fund aims to invest for total return (i.e. via both income and capital appreciation), through investments primarily in a portfolio of Chinese fixed income securities.

## Investment strategy

The Manager seeks to achieve investment returns through active management of duration, term structure, sector allocation and credit selection where applicable.
