

HSBC Collective Investment Trust

HSBC European Multi-Asset Income Fund

Monthly report 31 May 2025 | Share class AM3H-NZD

Fund center

Risk Disclosure

- The Fund invests mainly in European equities, bonds, money market instruments and cash instruments, and may invest in funds that invest European securities to achieve its investment objectives.
- The Fund's asset allocation strategy balancing income, long term expected returns and risk may not achieve the desired results under all circumstances and market conditions. The investments of the Fund may be periodically rebalanced and therefore the Fund may incur greater transaction costs.
- The Fund may invest in financial derivative instruments for investment purpose which may lead to higher volatility to its net asset value.
- The Fund may pay dividends out of capital or gross of expenses. Dividend is not guaranteed and may result in capital erosion and reduction in net asset value.
- The Fund's investments may involve investment, credit, credit rating, currency, volatility, liquidity, interest rate, valuation, tax and political risks and risks related to equity market, debt securities, sovereign debt, geographic concentration, Europe, investment in other collective investment schemes and writing covered call options. Investors may suffer substantial loss of their investments in the Fund.
- Portfolio Currency Hedged Share Classes or RMB denominated class are subject to higher currency and exchange rate risks.
- Investors should not invest solely based on factsheet and should read the offering documents for details including risk factors.

Investment objective

The Fund aims to provide income and moderate capital growth through a diversified portfolio of European equities, fixed income securities as well as money market instruments, cash instruments and Underlying Funds that invest in European securities.

Investment strategy

European securities are issued by companies which have their registered office in, and with an official listing on a major stock exchange or other regulated market of any European countries. Whilst there are no capitalization restrictions, it is anticipated that the Fund will seek to invest primarily in larger, established companies. The Fund is not subject to any limitation on the portion of its net asset value that may be invested in any one country.
