Risk Disclosure

- The Fund invests mainly in Asian bonds.
- The Fund is subject to the risk of investing in emerging markets.
- Non-investment grade bonds and unrated bonds are subject to additional risks and volatility.
- The Fund may pay dividends out of capital or gross of expenses. Dividend is not guaranteed and may result in capital erosion and reduction in net asset value.
- The Fund may invest in financial derivative instruments for investment purpose which may lead to higher volatility to its net asset value.
- The Fund's investments may involve substantial credit, currency, volatility, liquidity, interest rate, geographic concentration, tax and political risks and risks related to general debt securities, sovereign debt, Portfolio Currency Hedged class and RMB denominated class. Investors may suffer substantial loss of their investments in the Fund.
- Investors should not invest solely based on factsheet and should read the offering documents for details.

Investment objective

The Fund seeks a reasonably high income whilst maintaining a prudent policy of capital conservation, through investing in fixed interest securities primarily within the Asian region.

Investment strategy

It will normally invest in a broad spread of quoted bonds. It may also invest in government bonds, other unquoted fixed-interest securities, monetary instruments and may hold cash on deposit pending reinvestment, if the Manager considers this course of action appropriate to the goal of maximising capital growth. The Fund may also invest in financial derivative instruments and contingent convertible securities.
