| Z | 2 July 2019 | HK0000465945 | HKD | HKD 50,000 | 11.44 | Accumulating |

Different classes may have different performances, dividend yields and expense ratios. For hedged classes, the effects of hedging will be reflected in the net asset values of such classes. Expenses arising from hedging transactions may be significant and will be borne by the relevant hedged classes. Hedged class performs the required hedging on a best efforts basis.
