

HSBC Collective Investment Trust

HSBC Evolving Asia Equity Fund

Monthly report 31 March 2025 | Share class AC-HKD

Fund center

Risk Disclosure

- The Fund mainly invests in equities in Asia Pacific region (excluding Japan) which positioned to benefit from one or more themes. Themes will be derived from three mega trends (aging population, technological innovation and societal change) that have capacity to change the social, economic and political landscape in the Asia Pacific region (excluding Japan) over the long term.
- The Fund may invest in onshore Mainland China market through Stock Connect, China A-shares /B-shares and China A-shares Access Products. Such investments involve additional risks, including the risks associated with China's tax rules and practices, RMB conversion and currency risks.
- The Fund may invest in stocks listed on the ChiNext Board of the Shenzhen Stock Exchange and/or the Science and Technology Innovation Board of the Shanghai Stock Exchange which may be subject to additional liquidity, volatility, overvaluation, delisting and concentration risks.
- The Fund may focus its investments in specific themes and may increase concentration risk.
- The Fund may invest in financial derivative instruments for investment purpose which may lead to higher volatility to its net asset value.
- The Fund's investments may involve substantial credit, currency, volatility, liquidity, equity market, geographical concentration, emerging market risks, risk associated with small/mid-capitalisation companies, investment strategy, interest rate, tax and political risks. Investors may suffer substantial loss of their investments in the Fund.
- Investors should not invest solely based on factsheet and should read the offering documents for details.

Investment objective

The Fund aims to provide long term total return by investing in a portfolio of equities.

Investment strategy

The Sub-Fund aims to provide long term total return by investing in a portfolio of equities. The Sub-Fund aims to deliver its investment objective by gaining exposure to companies positioned to benefit from one or more themes (the "Themes"). Such Themes will be derived from three mega trends (aging population, technological innovation and societal change) that have the capacity to change the social, economic and political landscape in the Asia Pacific region (excluding Japan) over the long term. Themes may be interconnected and may include, but are not limited to, internet of things, medical innovation, digital access etc. Themes are proprietary to HSBC and subject to ongoing research and may change over time as new Themes are identified. The Investment Adviser aims to identify companies that have exposure to such Themes and will have full discretion to identify such companies using its own analysis and proprietary research. There is no guarantee that the Investment Adviser will always successfully identify companies exposed to the Themes and that such companies will benefit from exposure to the Themes.
