

Disclosure:

- Investment involves risk. Past Performance information is not indicative of future performance. Please refer to offering documents for detail. Investors may not get back the full amount invested.
- The computation basis of the performance is based on the calendar year end, NAV-to-NAV, with dividend reinvested.
- These figures show by how much the fund / share class increased or decreased in value during the calendar year being shown.
- Performance data has been calculated in the currency shown in the table below including ongoing charges and excluding subscription fee and redemption fee you might have to pay.
- Where no past performance is shown there was insufficient data available in that year to provide performance.
- Where investment performance is not denominated in HKD or USD, HKD or USD based investors are exposed to exchange rate fluctuations. Investors are exposed to exchange rate fluctuations if the home currency of investors is different from the currency shown in the table below.
- Where applicable, reference benchmark data has been calculated in the table below in the base currency of the fund, and / or for reference purpose in relation to non-currency hedged class denominated in another currency, in the denomination currency of such non-currency hedged class.

Disclosure:
- Investment involves risk. Past Performance information is not indicative of future performance. Please refer to offering documents for detail. Investors may not get back the full amount invested.
- The computation basis of the performance is based on the calendar year end, NAV-to-NAV, with dividend reinvested.
- These figures show by how much the fund / share class increased or decreased in value during the calendar year being shown.
- Performance data has been calculated in the currency shown in the table below including ongoing charges and excluding subscription fee and redemption fee you might have to pay.
- Where no past performance is shown there was insufficient data available in that year to provide performance.
- Where investment performance is not denominated in HKD or USD, HKD or USD based investors are exposed to exchange rate fluctuations. Investors are exposed to exchange rate fluctuations if the home currency of investors is different from the currency shown in the table below.
- Where applicable, reference benchmark data has been calculated in the table below in the base currency of the fund, and / or for reference purpose in relation to non-currency hedged class denominated in another currency, in the denomination currency of such non-currency hedged class.

* Refer to the date when the price of the share class is available

Disclosure:
- Investment involves risk. Past Performance information is not indicative of future performance. Please refer to offering documents for detail. Investors may not get back the full amount invested.
- The computation basis of the performance is based on the calendar year end, NAV-to-NAV, with dividend reinvested.
- These figures show by how much the fund / share class increased or decreased in value during the calendar year being shown.
- Performance data has been calculated in the currency shown in the table below including ongoing charges and excluding subscription fee and redemption fee you might have to pay.
- Where no past performance is shown there was insufficient data available in that year to provide performance.
- Where investment performance is not denominated in HKD or USD, HKD or USD based investors are exposed to exchange rate fluctuations. Investors are exposed to exchange rate fluctuations if the home currency of investors is different from the currency shown in the table below.
- Where applicable, reference benchmark data has been calculated in the table below in the base currency of the fund, and / or for reference purpose in relation to non-currency hedged class denominated in another currency, in the denomination currency of such non-currency hedged class.
