Risk Disclosure

- The Fund invests mainly in global emerging markets equities, bonds and other related investments.
- The Fund is subject to the risks of investing in emerging markets.
- The Fund may invest in onshore Chinese securities through various market access schemes and China A-shares Access Products. Such investments involve additional risks, including the risks associated with China's tax rules and practices.
- The Fund may invest in financial derivative instruments for investment purpose which may lead to higher volatility to its net asset value.
- The Fund may pay dividends out of capital or gross of expenses. Dividend is not guaranteed and may result in capital erosion and reduction in net asset value.
- The Fund's investments may involve substantial credit, currency, volatility, liquidity, interest rate, general equity market risk, general debt securities risks, non-investment grade and unrated debt securities risk, sovereign debt risk, asset allocation strategy risk, geographic concentration risk, risk associated with small/mid-capitalisation companies, risk of base currency hedged classes, risk of investment in other collective investment schemes, RMB denominated class risk, mainland China market risk, tax and political risks. Investors may suffer substantial loss of their investments in the Fund.
- Investors should not invest solely based on factsheet and should read the offering documents for details.

Investment objective

The Fund aims to provide income and moderate capital growth by investing in a range of assets, including bonds, shares, money-market securities, other assets and cash in emerging markets.

Investment strategy

The Fund is actively managed and is not constrained by a benchmark.

At least 90% of the Fund's exposure is to assets that are based or issued in emerging markets.

The Fund invests in investment grade, non-investment grade and unrated bonds issued or guaranteed by governments, government-related, supranational entities and companies based in emerging markets; and to shares issued by companies of any size.

Companies and/or issuers considered for inclusion within the Fund's portfolio will be subject to excluded activities in accordance with HSBC Asset Management's Responsible Investment Policies, which may change from time to time.

The Fund may invest up to 20% in Chinese bonds, up to 10% in non-investment grade bonds issued by any single sovereign issuer, up to 90% in other funds, may invest in bank deposits and money market instruments, up to 10% in convertible bonds, up to 10% in contingent convertible securities and up to 30% in China A and China B-shares.

The Fund's primary currency exposure is to emerging market currencies (exposure will not be less than 50%).

See the Prospectus for a full description of the investment objectives and derivative usage.
