Risk Disclosure

- The Fund invests mainly in fixed income securities with an average duration between 6 months and 3 years.
- The Fund may pay dividends out of capital or gross of expenses. Dividend is not guaranteed and may result in capital erosion and reduction in net asset value.
- The Fund may invest in financial derivative instruments for investment purpose which may lead to higher volatility to its net asset value.
- The Fund's investments may involve substantial credit, credit rating, currency, volatility, liquidity, general debt securities, non-investment grade and unrated debt securities, sovereign debt, emerging markets, interest rate, valuation, tax and political risks. Investors may suffer substantial loss of their investments in the Fund.
- Portfolio Currency Hedged Share Classes or RMB denominated class are subject to higher currency and exchange rate risks.
- Investors should not invest solely based on factsheet and should read the offering documents for details.

Investment objective

The Fund aims to provide long term capital growth and income by investing in a portfolio of bonds with an average duration expected to be between 6 months and 3 years, while promoting environmental, social and governance (ESG) characteristics within the meaning of Article 8 of SFDR. The Fund aims to have a higher ESG score than its reference benchmark.

Investment strategy

The Fund is actively managed.

The Fund normally invests minimum of 70% in investment grade bonds and non-investment grade bonds issued by governments, government-related entities, supranational entities and companies that are based in developed or emerging markets.

The Fund includes the identification and analysis of a company's ESG credentials as an integral part of the investment decision making process. Companies and/or issuers considered for inclusion within the Fund's portfolio will be subject to excluded activities in accordance with HSBC Asset Management's Responsible Investment Policies, which may change from time to time.

The Fund may invest up to 30% in bonds issued in emerging markets, up to 20% in non-investment grade bonds; up to 10% in onshore Chinese bonds and up to 30% in asset-backed securities.

The Fund may invest up to 10% of its assets in securities which have a maturity longer than five years.

The Fund's primary currency exposure is to USD.

See the Prospectus for a full description of the investment objectives and derivative usage.

The MSCI ESG Key Issue Score is the numerical, weighted average of MSCI's E, S, and G pillar scores. A higher number indicates a more favourable ESG profile in the view of MSCI.

The weighted averages of the Key Issue Scores are aggregated and companies' scores are normalized by their industries. After any overrides are factored in, each company's Final Industry-Adjusted Score corresponds to a rating.
