## Risk Disclosure

- The Fund may invest in equities, bonds and other asset classes, and may invest in other funds to achieve its investment objectives.
- The Fund is subject to the risk of investing in emerging markets.
- The Fund may invest in other collective investment schemes, and need to bear the underlying funds' fees and expenses on top of the Fund's own fees and expenses.
- The Fund may invest in financial derivative instruments for investment purpose which may lead to higher volatility to its net asset value.
- The Fund may pay dividends out of capital or gross of expenses. Dividend is not guaranteed and may result in capital erosion and reduction in net asset value.
- The Fund's investments may involve substantial credit, credit rating, currency, investment and volatility, liquidity, interest rate, valuation, general equity market risk, general debt securities risks, non-investment grade and unrated debt securities risk, sovereign debt risk, asset allocation strategy risk, risks associated with flexible pay-out share class, risk of portfolio currency hedged classes, RMB denominated class risk, tax and political risks. Investors may suffer substantial loss of their investments in the Fund.
- Investors should not invest solely based on factsheet and should read the offering documents for details.

## Investment objective

The Fund aims to provide long-term capital growth and income by investing in a portfolio of bonds and shares. The Fund seeks to apply a low risk investment strategy.

## Investment strategy

The Fund is actively managed and is not constrained by a benchmark. In normal market conditions, at least 90% of the Fund's exposure is to bonds, shares and alternative investment strategies. The Fund gains exposure to bonds that are investment grade, non-investment grade and unrated issued by the government, government-related entities, supranational entities and companies based in developed markets and emerging markets. The bonds can be denominated either in US dollar (USD), other developed markets currencies hedged into USD, or in emerging markets currencies. The Fund gains exposure to shares issued by companies of any size. The Fund may invest up to 100% in other funds although this investment will normally be between 25% and 75%. The Fund can have an exposure to bonds (or other similar securities) of up to 100% of its assets. The exposure to shares (or securities similar to shares) can be up to 25% of assets. The Fund may invest up to 20% in non-investment grade and unrated bonds, and up to 25% in alternative investment strategies. The Fund's primary currency exposure is to USD. See the Prospectus for a full description of the investment objectives and derivative usage.
