Risk Disclosure

- The Fund mainly invests in bonds and money market instruments.
- The Fund may pay dividends out of capital or gross of expenses. Dividend is not guaranteed and may result in capital erosion and reduction in net asset value.
- The Fund may invest in financial derivative instruments for investment purpose which may lead to higher volatility to its net asset value.
- The Fund's investments may involve substantial credit, credit rating, currency, investment and volatility, liquidity, interest rate, valuation, general debt securities risks, sovereign debt risk, concentration risk, tax and political risks. Investors may suffer substantial loss of their investments in the Fund.
- Portfolio Currency Hedged Share Classes and RMB denominated Class are subject to higher currency and exchange rate risks.
- Investors should not invest solely based on factsheet and should read the offering documents for details

Investment objective

The Fund aims to provide short term capital growth and income by investing in a portfolio of bonds and money market instruments, while promoting environmental, social and governance (ESG) characteristics within the meaning of Article 8 of SFDR. The Fund aims to have a higher ESG score than its reference benchmark.

Investment strategy

The Fund is actively managed and is not constrained by a benchmark.

The Fund will invest at least 70% of its assets in either fixed or floating-rate income bonds and other similar securities including money market instruments, that are issued or guaranteed by governments, government-related entities, supranational entities and companies, based in developed or emerging markets.

The Fund includes the identification and analysis of a company's ESG credentials as an integral part of the investment decision making process. Companies and/or issuers considered for inclusion within the Fund's portfolio will be subject to excluded activities in accordance with HSBC Asset Management's Responsible Investment Policies, which may change from time to time.

The Fund may invest less than 30% in emerging markets bonds and up to 10% in bonds which have a maturity longer than five years.

The Fund may invest: less than 30% non-investment grade bonds; up to 20% in asset backed securities and mortgage-backed securities, 10% in contingent convertible securities, and 10% in other funds.

See the Prospectus for a full description of the investment objectives and derivative usage.

The MSCI ESG Key Issue Score is the numerical, weighted average of MSCI's E, S, and G pillar scores. A higher number indicates a more favourable ESG profile in the view of MSCI.

The weighted averages of the Key Issue Scores are aggregated and companies' scores are normalized by their industries. After any overrides are factored in, each company's Final Industry-Adjusted Score corresponds to a rating.
