Monthly report 31 March 2025 | Share class AM2

Fund center

### Risk Disclosure

- The Fund invests mainly in fixed income securities.
- The Fund may pay dividends out of capital or gross of expenses. Dividend is not guaranteed and may result in capital erosion and reduction in net asset value.
- The Fund may invest in financial derivative instruments for investment purpose which may lead to higher volatility to its net asset value.
- The Fund's investments may involve substantial credit, credit rating, currency, volatility, liquidity, general debt securities, non-investment grade and unrated debt securities, sovereign debt, interest rate, valuation, geographic concentration, asset backed securities and mortgage backed securities, tax and political risks. Investors may suffer substantial loss of their investments in the Fund.
- Investors should not invest solely based on factsheet and should read the offering documents for details.

### Investment objective

The Fund aims to provide capital growth and income by investing in a diversified portfolio of investment grade rated bonds and other similar securities from around the world, while promoting environmental, social and governance (ESG) characteristics within the meaning of Article 8 of SFDR. The Fund aims to achieve a higher ESG score than its reference benchmark.

### Investment strategy

The Fund is actively managed.

The Fund will invest primarily in securities issued in developed markets and denominated in developed market currencies. The Fund may invest up to 20% in non-investment grade bonds and up to 20% in bonds issued in emerging markets. The Fund may invest up to 10% in bonds issued by any single government issuer with a non-investment grade rating.

The Fund includes the identification and analysis of an issuer's ESG credentials as an integral part of the investment decision making process. Companies and/or issuers considered for inclusion within the Fund's portfolio will be subject to excluded activities in accordance with HSBC Asset Management's Responsible Investment Policies, which may change from time to time.

The Fund may invest up to 10% in onshore Chinese bonds, invest up to 30% in asset backed securities and mortgage-backed securities, up to 10% in contingent convertible securities, may also invest in bank deposits and money market instruments for treasury purposes and up to 10% in other funds.

See the Prospectus for a full description of the investment objectives and derivative usage.

The MSCI ESG Key Issue Score is the numerical, weighted average of MSCI's E, S, and G pillar scores. A higher number indicates a more favourable ESG profile in the view of MSCI.

The weighted averages of the Key Issue Scores are aggregated and companies' scores are normalized by their industries. After any overrides are factored in, each company's Final Industry-Adjusted Score corresponds to a rating.
